Pierce County —On June 6, 2014 we will see over 50 adults from Pierce County who will receive low cost dental services ranging from SCREENINGS, FILLINGS AND EXTRACTIONS WITH GREAT EMPHASIS ON DENTAL HEALTH EDUCATION. This event is a follow-up to the Project Homeless Connect that occurred on May 7, 2014.

Pierce County has many underserved adults that have extensive dental needs. This is why our dental society has decided to provide dental service for a small supply fee. This event is only possible with a partnership with Bates Dental School and the Pierce County Dental Society and various other community agencies. Together we will make a difference in the well-being of many adults.

Appointments are still available for those who qualify 253-272-1101.

****Patient cannot have Washington Apple Health (Medicaid).
